VOICE OF THE BRIGHAM YOUNG UNIVERSITY COMMUNITY

II, No. 60

Tuesday, January 6, 1959

Provo, Utah

### Speech Hits Air Force, U.S. Policy

The Defense Department has named the Air Force," according to Brig. Gen. Robert Scott, speaker at the Monday For-

next war will be fought in the air, he claimed. He said Air Force commanders are allowed to make policy decisions.

Speaker who said he "talked my way out of the Air Force" praised the American people for being comfort worshippers." He said that the United States concentrates on finding ways to get together in peace with nations.

He is doing nothing but an interim period with our jets and rockets. They are important as educating our youth for peace."

World War II ace, author of "Is My Co-pilot," told of his experiences in the U. S. Air Corps.

He gained his fame as a member of the famous Flying Tigers independent Air Force commanded by Gen. Claire Chennault. In a record of 13 victories, he told of the first time he flew a P-40 carrying a 1000 bomb.

SOME SNOW—Senior Joe Ann Neubert examines fresh Utah tree snow that greeted returning students last weekend. Local weather prophets foresee a long cold winter.

### Wilkinson Explains Ricks Transfer

Detailed statement explaining forthcoming transfer of College at Rexburg, Idaho, to Falls was released Tuesday.

In his statement, Dr. L. Wilkinson, president of Brigham Young University, administrator of the Board of Education for the Church of Christ of Latter-day Saints, stated the facts upon which the Board of Education based its decision.

He said the decision to move the college to a more populous Idaho location was announced on Nov. 7, 1958, and that the college in Rexburg have repeatedly been "personally responsible" for its situation.

### hi' Captain Ricks Campus

ere Baker, the captain of the football team, recently floated the ocean currents from America to Hawaii, toured Monday with his wife, after discussing participation in Leadership Week next with President Wilkinson. In an interview with the Daily News, Baker said that he was to prove that the Hawaiian Islands are South America. He also stated that he is being sent to the South Pacific and comrades from six nations will embark in two years on the Red Sea area and at last on the ocean currents to America.

The move, however, was the unanimous action of the First Presidency and the Board of Education.

In his statement, Dr. Wilkinson maintains that the important issue is whether Ricks College can best serve the most young men of the Church by being in Idaho Falls or Rexburg.

Among the reasons he presents for the decision to move Ricks to Idaho Falls are these:

(1) It was recognized that a district junior college movement was underway in Idaho Falls and that such a college might have had an adverse effect on future enrollment at Ricks.

(2) Idaho Falls, with a population of 23,500 persons in 1955 compared to Rexburg's population of 4350, has at least twice as many students who could live at home and attend a college located there. In addition, there are 38,000 LDS people best served by an Idaho Falls location as compared to 8000 served best by the present location.

(3) Many students cannot at-

tend college without having some part time employment. The opportunities for such employment are significantly greater in Idaho Falls.

Dr. Wilkinson also states that a 1957 reversal of a previous decision to move Ricks was based on "misleading" information presented to the First Presidency as to the amount of housing available in Rexburg for an enlarged and growing student body.

He adds that a housing survey conducted later by the Ricks staff showed only 622 acceptable accommodations as compared to the 1570 reported by the Upper Valley Real Estate Board, a Madison County group, to the First Presidency.

It is Dr. Wilkinson's view that the cost of a smaller number of dormitories that will ultimately have to be built in Idaho Falls as compared with the larger number that would have to be built in Rexburg for a comparable enrollment, will much more than compensate for any loss in buildings to be left at Rexburg.

### Utah Symphony Plans BYU Concert

A free "pops" concert by the Utah Symphony orchestra will be presented Monday at 8 p.m. in Smith Fieldhouse.

Sponsoring the event is the Utah Oil Refining Company. Tickets are available at Utocon service stations at no cost or obligation.

The concert is booked as "family night at the symphony," and parents are urged to take the children and make it a family outing, says Alma W. King, coordinator of the concert.

Maestro Maurice Abravanel will conduct the full 85-piece orchestra.

The program will open with Rossini's "Thieving Magpie Overture" and will be followed by selections from Tchaikovsky's "Swan Lake Ballet." Other numbers on the program include Strauss' "Blue Danube Waltz," selections from "Porgy and Bess" by Gershwin, and two movements from Grofé's "Grand Canyon Suite."

### Early Construction Start Hoped for SLG School

Plans for establishing a new Church junior college in Salt Lake County were announced today by the board of education of the Church of Jesus Christ of Latter-day Saints.

The announcement was made by Pres. David O. McKay, who is chairman of the board.

Negotiations are under way for the purchase of a suitable site for the construction of a modern campus for the institution, Pres. McKay said. Architectural planning for the college buildings will begin as soon as possible, he indicated.

With expectation that construction of the physical plant will require a period of at least two years, it is hoped that the college may begin operation as soon as possible, he said.

#### Functions Outlined

Three major functions have been outlined for the program of the new college. These are: 1. vocational and technical training for students who desire to prepare for work in business and industry; 2. a "terminal" program for college students who intend to take two years of study only; and 3. preparatory courses in the liberal arts for students who plan to continue their studies at a senior university.

### Devotionals Set Council Helper For First Talk

Alvin R. Dyer, newest assistant to the Council of the Twelve, will speak Wednesday at the first Devotional assembly of the winter quarter.

He was sustained to this position at the October General Conference.

Previously he was general superintendent of the Young Men's Mutual Improvement Association and was sustained in the April 1958 General Conference.

#### Worked as Historian

Dyer also served as president of the Central States mission from 1954 to August of 1958. While there he was active in the Missouri Historical Society and the Jackson County Historical Society. He also worked with the Indians in that part of the country, honored by being received into the Caddo Delaware Tribe, and was named honorary chief by the latter-day Saint members of the tribe.

He was born Jan. 1, 1904, in Salt Lake City. He served in the Eastern States Mission at the age of 18, and was supervising elder of the New York District while there.

In size the new college is planned to accommodate an eventual enrollment of several thousand students.

The admission policy of the new college will be in line with the policy of other Mormon educational institutions, Pres. McKay said. That policy is that the doors are open to students of all religious faiths who meet its academic and moral standards. These are stated in the college bulletins as including: "Standards of honor, integrity and morality, graciousness in personal behavior, application of Christian ideals in everyday living, and abstinence from the use of alcohol and tobacco."

#### Facilities Needed

It is expected that the new college will help meet what Utah educational leaders have recognized as a major need for additional facilities for post-high school education in the rapidly growing Salt Lake metropolitan area, the administrator's announcement said.

It noted that careful population studies have forecast heavy increases in the number of LDS college-age students in the area which would burden existing institutions.

Population figures considered by the church education leaders showed that the January, 1958, census estimate for Salt Lake and Tooele counties was 388,100 and that this would increase by 1975 to 691,000 and by the year 2000 to approximately one million.

Studies of LDS Church mem-

## delicious Strawberry Dessert Given

new and different way to use fresh or frozen strawberries is delightful Strawberry Cream Roll. It is made with a sponge cake batter baked in a thin sheet, cooled, then with whipped cream and sliced strawberries and rolled beautiful, big roll. Serve it in generous slices and it will please everyone.

- 1/2 cup sugar
- 2 spoons water
- 1 spoon vanilla
- 1 sifted cake flour or all-purpose flour
- 1 spoon double-action baking powder
- 1 spoon salt
- 1/2 cup cream, whipped and lightly sweetened
- 1 electric mixer or rotary cr.
- Beat eggs until thick and colored. Gradually add the water and mix in all at once. Sift dry ingredients and add, fold them in by hand immediately into jelly roll pan that is lightly buttered.
- Use jelly roll pan: Use a

24-inch piece of 18-inch wide heavy duty aluminum foil. Fold in half to make sheet 12 x 18 inches. Turn up the edges 1 inch on all sides and miter corners for firmness.

Bake the cake in a moderate oven (375° F) for 12-15 minutes or until a very light brown. (Do not overbake.) Turn out on a large sheet of foil which has been heavily sprinkled with granulated sugar. If a homemade foil pan is used, unfold corners and peel off foil cake.

Trim off side crusts if they are hard. Roll up immediately and let stand uncovered until cool. When cool, unroll and spread with the cream and strawberries. Roll up again, then chill in refrigerator about 1 hour before serving. Cover with foil during chilling.

## The New Life Camera Crane Goes to Sea

coeds complain about the slugs or petticoats in the closet. Now there to restore them to their crispness.

a way to give them that touch. Buy some gum powder in the drug store. Use the solution, heat one of the powdered gum arabic in pint of cold water until it is dissolved.

the mixture, then dip the it. Pat enough to get the of the solution and

the slip so the solution the him, giving it a little dry at the hemline. The can be reused.

mining, however, evenly iron on any acetate fabric.

### Neat Accounting Eases Tax Blues

**FORT COLLINS, Colo.—(INS)** If you went through the usual struggle figuring out your income tax last year, it may be time for a critical look at your 1959 accounting system which may need revising.

Home management specialists at Colorado State University suggest you tailor your accounting system to serve you at tax time instead of hinder.

For example, some of the columns in your books might be separated, regrouped or retitled. A special column or page can be set aside to record all taxes—gasoline, sales, etc. Tote them up at the end of the month along with your other accounts, and you'll have the figures and records to prove your tax claims.

A convenient system of keeping records is an envelope file. Envelopes can be labeled to fit the various sections of information needed for that yearly income tax form. When tax time rolls around all the essential facts will be on hand whether you hire someone to do your figuring or do it yourself.

Another use for the envelopes is to file check stubs if you keep them as legal receipts for medical and dental expenses or contributions. With the information available you can quickly make an estimate at the end of the year to decide whether to use the long or short form for your returns.

Another tip from the Colorado State University experts, if your deduction exceeds 20 per cent of your adjusted gross income, you are better off to fill out the long form.

### Tartar Sauce Easy to Make

Tartar sauce is an easy way to pep up fish dishes. This recipe recommends you start out with one cup of mayonnaise, to which you add two tablespoons of finely chopped scallions, one teaspoon lemon juice, one tablespoon finely chopped parsley and two tablespoons chopped dill pickle.

If you have a blender, you can eliminate the chopping. Make this sauce at least two hours before serving to permit the flavors to blend.

## Cha-Cha Dance Trend Sweeps Nation; Teenagers Love It

There is a new trend-cha-cha sweeping the country-cha-cha.

It may even make teenagers forget about Elvis and his blue suede cha-cha.

The trend, or whatever they call it-cha-cha-cha, began about four months ago when the Tommy Dorsey orchestra, now led by Warren Covington, took the old Irving Berlin tune, "It's a Wonderful World," and "It's a Wonderful World," recorded it, and watched it ride to the top of the popularity cha-cha-charts.

The record industry then saw Enoch Light's Bridge cha-cha-cha charge in with the "I Want to be Happy cha-cha." Then came the cha-cha-cha deluge-cha-cha.

**Old Hits Revised**  
Guy Lombardo recorded "St. Louis Blues-cha-cha" and "Excuse Me-You-cha-cha." Johnny Desmond revived a hit song of yesteryear and called it, "C. E. S. I-Son-cha-cha." Lester Lanin leaped in with "Over the Rainbow-cha-cha." Xavier Cugat, no stranger to this Latin rhythm, strangled to the recording studio and came out with "Guendulín-cha-cha," sometimes called "The Ah-Choo-cha-cha."

Perhaps a milestone of sorts was reached during the Christ-

mas season when a "Rudolph the Red-Nosed Reindeer-cha-cha" and "Winter Wonderland-cha-cha" emerged as Yuletide record releases.

The craze has cha-cha'd across the ocean to England, where Andre Rieu recently organized a 15-piece orchestra, "The Chachaleros," for the dancing pleasures of the cha-cha-mind British.

**Reasons for Popularity**  
Paul Ackerman, music editor of the weekly publication, "The Billboard," says the cha-cha trend became so big so fast because of its timing. The record companies and the songwriting fraternity are seeking something new inasmuch as rock 'n' roll has reached somewhat in recent months. "The cha-cha may have found its way to the charts. But the cha-cha is not new.

The Latin bands have been playing it for years. And recently, by their cha-cha records began to sell in the Negro rhythm and blues market. Another factor is that kids have been dancing to the cha-cha on the televised disk jockey shows. That helped it spread quickly, too. The kids seem to like it because it has a beat and they can dance to it.

# Beehive Clubs Shine

The best basketball team in Utah should win the Skyline Conference championship this season.

The big question, as the Skyline season gets underway this week, is whether the best team in Utah is Brigham Young, Utah or upstart Utah State. Part of that question may be answered when Utah and Utah State meet in Logan Saturday in what should be the Skyline game of week.

Utah and Montana inaugurate the 1959 Skyline season at Missoula Wednesday night. On Friday, Colorado State University will be at Denver.

In the only other games, both Saturday, Montana comes to Brigham Young and Wyoming will be at New Mexico.

In the only non-conference game, Wyoming plays at New Mexico State Thursday night.

The three Skyline teams from the Beehive State can boast of good pre-conference records. But the remainder of the league failed poorly.

Utah's 9-3 mark leads the pack in pre-Skyline play, followed by Utah's 7-4 and Brigham Young's

7-5. The other five teams each lost more games than they won and the Skyline as a whole came up with 36 wins against 42 losses.

Ev Shelton, who coached his Wyoming Cowboys to the Skyline title a year ago, believes the three Utah teams will battle it out for the crown. "The rest are pretty equal," the veteran mentor said.

## THE STANDINGS

	W	L
Utah State .....	9	3
Utah .....	7	4
Brigham Young .....	7	5
Denver .....	3	5
Montana .....	3	7
Wyoming .....	3	7
New Mexico .....	2	5
Colo. State .....	2	6

But Shelton warned that "the way this season has been going, the rest are capable of beating anybody." He said: "This has been more of a hot night season than any other."

Utah added two victories to its record last week, downing

Dayton 79-70 for third place in the Holiday Festival Tourney, and defeating Miami of Ohio 95-78.

Utah State split four road games. The Utags defeated Kentucky Wesleyan 96-66 in the first round of the All-American tourney before losing in the finals to Ohio U. 60-72. Utah State edged Washington of St. Louis 69-68 and fell to Toledo U. 69-61.

The Cougars, however, dropped three of four games. The Cougars lost to Seton Hall and Dartmouth in the Queen City tourney; fell to Ohio State 100-81 and defeated Dayton 70-62.

4 Wyoming defeated the Air Force Academy 55-50 in their only game last week. That gave the Cowboys third place in the Far West Classic.

5 The others—Denver, Montana, New Mexico and Colorado State—drew blanks.

Denver lost to Chapman College 78-57 and to San Diego State 61-43. Washington State defeated Montana 66-58. Colorado State lost two close ones—55-53 to Regis and 78-73 to Montana State in two overtimes. New Mexico was crushed by New Mexico State 96-59.

JOHN NICOLL . . . BYU ace nursing Eastern injury for Saturday's Grizzly fracas.

Cougar football holds the record for most consecutive defeats—eleven in 1949.
